

Helper::INativeWrapper

```
classDiagram
    class Helper["Helper::INativeWrapper"]
    class Windows["Windows.Kinect.InfraredFrameSource"]
    Windows --|> Helper
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled "Windows.Kinect.InfraredFrameSource". A blue arrow points upwards from this box to a white box at the top labeled "Helper::INativeWrapper".
