

Helper::INativeWrapper

```
graph BT; A[Windows.Kinect.DepthFrameSource] --> B[Helper::INativeWrapper];
```

A UML class diagram illustrating inheritance. At the bottom is a gray rectangular box labeled "Windows.Kinect.DepthFrameSource". Above it is a white rectangular box with a thin gray border labeled "Helper::INativeWrapper". A blue arrow points from the top center of the gray box to the bottom center of the white box, indicating that "Windows.Kinect.DepthFrameSource" inherits from "Helper::INativeWrapper".
